

FREE Tax Preparation Coming to On The Rise Financial Center in 2019

At the request of the Internal Revenue Service, United Way was asked to lead the metro Atlanta Volunteer Income Tax Assistance (VITA) coalition. Comprised of over 40 locations including online self-filing support, the VITA program each year trains over 500 volunteers to serve over 16,000 residents providing them with free tax preparation. VITA sites are available across the 13-county service area. In the 2018 tax season, \$18 million was put back into the pockets of working families and more than \$28 million in the community.
